-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

1. ☒ The amendment filed on 26 September 2005 under 37 CFR 1.312 has been considered, and has been:

a) ☐ entered.

b) ☐ entered as directed to matters of form not affecting the scope of the invention.

c) ☐ disapproved because the amendment was filed after the payment of the issue fee.

Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

d) ☐ disapproved. See explanation below.

e) ☒ entered in part. See explanation below.

The proposed independent claim 27 comprises different scope as the allowed independent claim 22 and is subject to a 35 U.S.C. 112, second paragraph rejection. Specifically, claim 27 line 12, the limitation of, "the conversion engine" lacks antecedent basis and at least for that reason changes the scope of the claim. Proposed dependent claims 28-31 depend from claim 27 and at least comprise the deficiencies of their parent claim 27. As such, Examiner respectfully submits that the proposed claims 27-31 are not entered as further search and consideration would be required.

Regarding claim 26, the change of "the instances" to "the instance" is accepted because it clarifies the scope of the claimed invention. Thus, claims 22-26 are accepted and claims 27-31 are not entered.
